Newsflash Januari 2026

Liveability – Leakage – House Rules – Unauthorized Persons

Liveability Ambassadors
The municipality has decided to discontinue the Liveability Ambassadors project. This means that the project will end in its current form.
The Board considers the topic of liveability within our Homeowners' Association important and will therefore develop a proposal to continue the project—or a similar initiative—in a different way. This proposal will be presented at the next General Members' Meeting.

Leakage – Elevator Hall 1102
We would like to inform you that the cause of the leakage in the elevator hall near apartment 1102 has now been identified. The necessary repairs will be carried out as soon as possible.

House Rules (HHR)
The House Rules (HHR) of our VvE are outdated and are currently being reviewed and amended on several points by a committee.
Every owner has the opportunity to inform the Board if he or she wishes to propose a change to the House Rules. We kindly request that any proposals or comments be explained in writing.
Responses can be sent by email to the VvE Secretary.
After receipt, the submitted proposals will be taken into account in the further process.

Unauthorized Persons
Recently, there has been increasing nuisance caused by unauthorized persons staying or sleeping in our building. If you encounter such individuals, we ask that you clearly instruct them to leave the building.

If they do not comply, or if there is a threat or an unsafe situation, please contact:
• In case of an immediate threat, the police emergency number: 112
Your personal safety is always the top priority. Do not engage in discussion if you feel unsafe.
