Newsflash April 2026

Volunteers TC – Maintenance – Taxes - Keys

Volunteers Wanted
After many years of dedicated service, Lucas is stepping down from the Technical Committee. During this period, he has contributed with great commitment to the maintenance and technical matters within our homeowners' association (VvE). We are very grateful to him for this.

Fortunately, Lucas will remain involved in the "replacement of gallery keys" project, ensuring that this process can be completed carefully.
With Lucas's departure, a position has opened up within the Technical Committee. We are therefore inviting residents who are interested in contributing to the VvE. The committee focuses on maintenance, technical matters, and supervising projects. Experience is not required – involvement and enthusiasm are most important.
Are you interested or would you like more information? Please contact the board. Together, we keep our building in good condition!

Maintenance
In the past period, where necessary due to concrete repairs, the ceilings at the ends of the building have been thoroughly cleaned and repainted. These areas are now restored to a neat condition and better protected for the future.

Tax Deductible
The interest on the VvE loan is tax deductible for owners. An overview with the relevant information for the tax return has recently been provided by VvE Gemak. Have you not received this overview? Please contact VvE Gemak.

Gallery Keys
The project to replace the gallery keys has now started. The first preparatory activities are underway.
You will be informed in a timely manner by VvE Gemak when your gallery key will be replaced.
