Nieuwsflits oktober 2026

Emergency Button – Relinen - Gallery keys - Website

Entrance doors; misuse of emergency button

Urgent request: use the emergency button strictly in case of emergency. The button is intended for emergency situations only, not for convenience or to open the door by other means. Unnecessary use can cause malfunctions and also compromises the security of the building.
We therefore ask everyone to only use the emergency button when there is an actual reason to do so. Misuse can be fined by the Board.

Relining on schedule

The relining of the main pipes has started according to plan, the work is on schedule. The minor delay that occurred during the first phase has been fully recovered.
All residents receive a letter from contractor ProLine two weeks before the work on their section of the pipes begins. This letter will reiterate all details regarding the work, the schedule, and what is expected of the residents. We will, of course, keep you informed of further progress.

Gallery keys

The cylinders of the gallery doors have now been replaced. The work was carried out by the Technical Committee (TC). As a result, the Homeowners Association (VvE) achieved a saving of approximately €2,500 compared to execution by an external party. Many thanks to the members of the TC for carrying out this work and for their dedication to the VvE.

Website www.hoogoord-west.nl

We have a new website: hoogoord-west.nl. On this site, you will find information about our apartment building and the VvE. This includes information about renovations, what is and is not permitted, and how to request extra keys. Furthermore, we will keep you updated on ongoing projects, such as the new intercom/doorbell panel and the relining. All 2026 newsletters are also available.

Your input and feedback are very welcome. The website will continue to be further developed over the coming period. It is possible that certain information is missing or that a feature does not work properly. If you have a comment, suggestion, or report, please use the webmaster form at the bottom of the webpage.
